ZICHI LORENTZ 2015

KAWASAKI GOOD TIMES WORLD

川崎重工業株式会社

Welcome to Kawasaki Good Times World!

The Kawasaki Heavy Industries Group's history dates back to the end of the 19th century. Over the past 120+ years, the Group has evolved from a transportation equipment manufacturer into a global, comprehensive engineering force with a technological base that encompasses mastery of the land, sea and air.

We are pleased that you have chosen to visit Kawasaki Good Times World. We are especially proud to be within the Kobe Maritime Museum, here in the city where we began and saw our initial growth.

The Kawasaki Good Times World is a showcase of our origins, our history and our products, illuminating our pioneering technologies and demonstrating how they have made significant contributions to society. We hope that by interacting with our products in fun and informative ways, you will experience the wonders of technology and come to appreciate the importance of craftsmanship. Please enjoy Kawasaki Good Times World.
